

16th of June 2015.

## **ENERGY EFFICENCY in buildings at RENEXPO® BiH 4th - 5th of November 2015 in Sarajevo**

### **Meet your target group - Architects and Engineers**

Part of the RENEXPO® BiH program is all about **energy efficiency in buildings**.

**GIZ** - Deutsche Gesellschaft für internationale Zusammenarbeit GmbH) invites during both days to the **HOUSE OF ENERGY EFFICENCY**. It stands for achievements and envisaged future plans for EE implementation in the field of data, law and regulation, IT instruments, training and long-life learning and actual implementation in Bosnia and Herzegovina over the past 5 years.

Additionally, two conferences [Energy Efficiency Conferences at RENEXPO](#) will take place in connection with training sessions for architects and engineers.

Available projects, connected to Energy Efficiency, will be presented and international exhibiting companies are invited to participate in **B2B meetings** with the **architects** and **engineers** from Bosnia and Herzegovina to present and discuss their products.

For the first time GIZ invites to visit the separate exhibition at RENEXPO® BiH, that shows all about building typology.

# Press Release

## **RENEXPO:**

Leading international renewable energy and energy efficiency trade fair with professional conferences incorporated in RENEXPO® brand name is coming for the second time to Bosnia and Herzegovina (both FBiH and RS). RENEXPO® BiH will present an alternative to the production of heat and electricity using available biomass (wood) and biogas resources, technical and economic potentials of hydropower and the importance of the implementation of projects that enable rational energy consumption in construction, industry and public lighting. RENEXPO® has been recognized as a high-quality European energy platform structured as the most important industry meeting of this kind.

## **REECO:**

We organize trade fairs in the area of renewable energy and energy efficient building and renovation in cooperation with national and international companies, organisations, authorities and ministries. Company REECO SRB d.o.o. from Novi Sad forms part of the REECO® Group with headquarters in Germany and offices in Poland, Romania and Austria. Serbian REECO team organizes RENEXPO® events in Serbia, Bosnia and Herzegovina and in 2016 additionally in Albania. Since 1997. until today, more than 50.000 professionals from over 70 countries attend trade fairs and conferences of this kind every year, organized by the REECO® Group. We operate on high quality key energy platforms for networking and finding new customers. Simply: We build bridges and open doors!
